FUEL your Early-stage Startup Journey

Follow: Proactive progress tracking and intervention

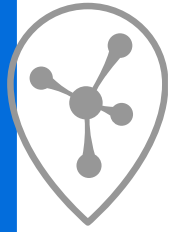

Upskill: Developing founders' and staff capabilities

Expose: Markets / funding access and supply chain integration

Link: Building a collaborative ecosystem for success

FOLLOW U E L

UNLOCK BADGE AT MILESTONE

Maximum funding is up to **HK\$100,000**

Convincing Business Plan

3rd Milestone: HK\$50,000

- ☐ Submit Incubation or Incu-bio application
- ☐ Receive approval from the application submitted

Market Validation & Build Your Core Team

2nd Milestone: HK\$40,000

- ☐ Submit Progress and Market Validation Report
- ☐ Submit an updated Pitch Deck and Video
- ☐ Complete Training Assignments (Video + Quiz)
- ☐ [Individual Member] Set up Company and Provide Company Documents

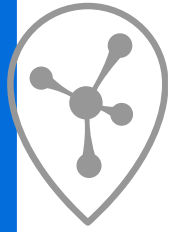

Access to HKSTP Ecosystem

1st Milestone: HK\$10,000

- ✓ Signed Grant Agreement
- ✓ Submitted Milestone Plan (via Pitch Deck)
- ☐ Register Bank Account
- ☐ Activate Training Account
- ☐ Access PartnersConnect Portal

FOLLOW

WHAT SUCCESS LOOKS LIKE AT 2ND MILESTONE **HKSTP**

Why does the problem / opportunities exist?

Why do you think there are many people like you who also care about this problem or opportunity?

Why are validated users excited about your value proposition (benefits / changes bring to them)?

Why is your collected feedback valid?

Why do you think you can launch your proposed solution?

Strong submissions typically include evidence rather than statements alone.

INVESTOR ACCESS & INVESTMENT CLINIC

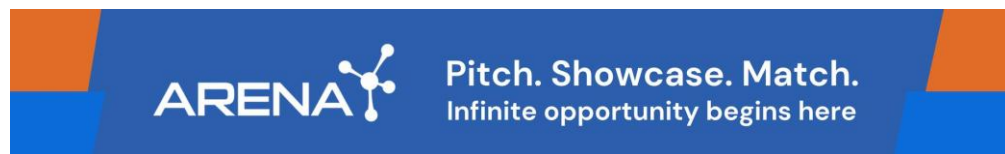

HELPING YOU "PITCH"
AND RAISE CAPITAL.

Raising capital can feel overwhelming. Have these issues been on your mind?

- How to determine the amount of money I should raise?
- Investors keep mentioning "product-market fit" — what does it mean?
- Should I borrow or raise equity? What is the difference?

Or even more simple:

- Where do I start with capital raising?
- Why do the investors seem dissatisfied with my answers?

And Sharing Sessions on Investment!

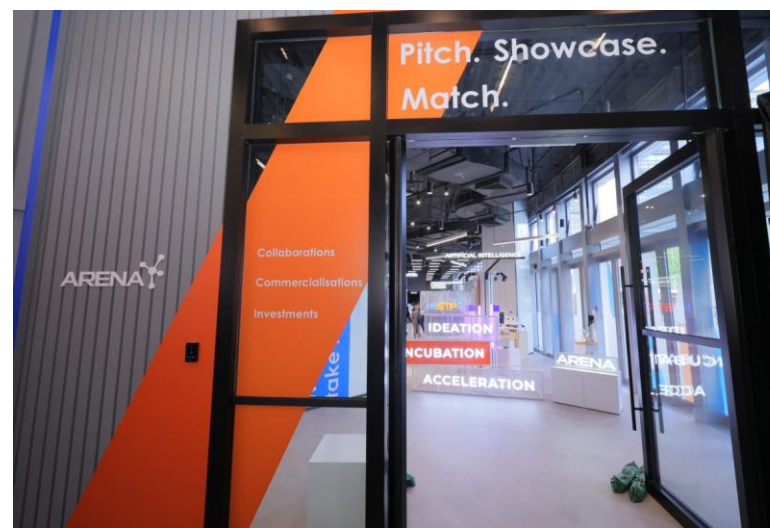

Weekly Investment Clinic at ARENA

ARENA — our new startup pitching, showcasing, and matching centre, is designed to connect ventures with the right opportunities.

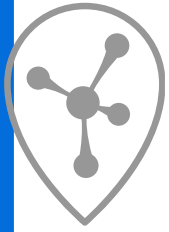

Every Wednesday 2:00 – 5:00 PM at HK Science Park

Struggling to raise capital? Our experienced HKSTP Investment Engagement (IE) team is here to guide you, clear the confusion, and elevate your funding strategy. Starting from today, the team will host Investment Clinic at ARENA regularly to address your issues, thoughts, or aspirations about raising capital.

For any enquiries or registration, please **contact Investor Engagement Team** (capital@hkstp.org).

INDUSTRY RESEARCH PROJECTS

University Collaborations Team
Hong Kong Science and Technology Parks Corporation

HONG KONG'S LARGEST
INNOVATION & TECHNOLOGY ECOSYSTEM

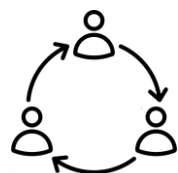

About Our Programme

Core Mission

Develop a pipeline of skilled young talents equipped to address evolving challenges in the **innovation and technology (I&T) sector** through hands-on collaborations with tech startups.

Key Objectives

- 01 Offer practical, project-based learning experience to university students
- 02 Provide valuable project services to Science Park companies from students

Benefits

For Talents

- ✓ Skill development
- ✓ Potential internship & career opportunities

For Industry

- ✓ Insights from young talents
- ✓ Project services guided by faculties

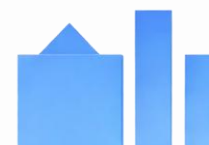

For Academia

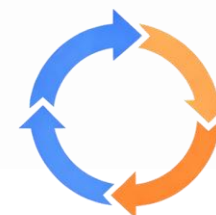

- ✓ Curriculum enhancement
- ✓ One-stop project pool for matching

Collaboration Framework

Industry (Science Park Companies)

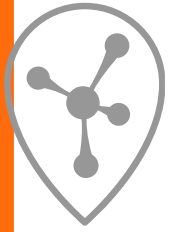

- Real Life Industry Project / Case
- I&T Career Opportunities

Universities & Institutions

- Fresh Minds, Ideas & Creativity
- Young Talents

Programme Features

Flexible project scopes and durations supported by a dual-mentorship system integrating academia and industry

Project Scopes

Data & Technology

System Development & Engineering

Business & Marketing

Market Entry Study, Strategy & Operations, Business Modelling

Creative Design

UI/UX, Product Design

Format & Duration

EXECUTION

Individual

Group (3–4)

Semester Project

2–3 Months (Spring/Fall)

Final Year Project/ Capstone Project

6–7 Months

Dual-Mentorship

Bridging academia and industry through two layers of dedicated support

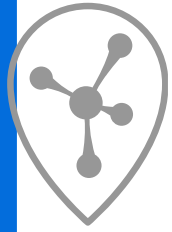

Academic Supervisor

Facilitates the project matching process and student supervision

Industrial Mentor

Provides industry projects and assigns company mentors for students

Australia Market Entry Strategy for EzyGreenPak's Water-Soluble Packaging Solutions

HKSTP Incubatee

<https://ezygreenpak.com/>

Project Scope

Primary Business Domain

Secondary Business Domain

Business & Marketing

Ecosystem & Market Research

Sales & Marketing

PROJECT BACKGROUND

EzyGreenPak Limited is a Hong Kong startup manufacturing PVA-based, water-soluble bags that offer a microplastic-free alternative to traditional plastic packaging. Driven by Australia's strong regulatory push and eco-conscious consumer base, the company is seeking to expand into the Australian market. However, successful entry requires bridging their current gap in local market intelligence.

PROBLEM STATEMENT

EzyGreenPak lacks the local market intelligence needed to assess viability and define an effective Australia entry strategy.

PROBLEM DESCRIPTION

To successfully enter Australia, EzyGreenPak must resolve critical knowledge gaps regarding local competitors, regulatory standards, and B2B customer behavior. These missing insights currently hinder decisions on pricing, target industries, and overall entry strategy. Implementing a structured research project focused on market intelligence and customer discovery is vital to bridging these gaps.

EXPECTED OUTCOMES

- Market Landscape
- Regulatory & Compliance
- Customer Discovery Findings
- Competitive Positioning
- Market Entry Options
- Preliminary Business Model

PREFERABLE SKILLSETS OF STUDENTS

- Secondary Research & Analysis
- Strategic & Market Entry Frameworks
- Financial & Pricing Modelling
- Qualitative B2B Customer Discovery
- Professional English Communication

Testimonials

STUDENTS FROM UON, AUSTRALIA

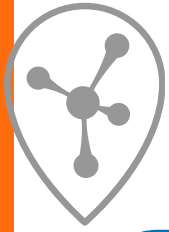

"We were all working in small groups with amazing startup companies here at the park. And we have had the **opportunity to engage with lots of founders and different people** around the park."

EZYGREENPAK LIMITED

"Thank you science park giving me this opportunity working with university students. And that is such a great experience for us like **helping us to understand more about Australia market, helping us to plan how to expand our overseas market** in Australian Australia next year."

NICK STEVENS MANAGER PRE-STARTUP PROGRAMS

"We were really grateful to have Hong Kong Science and Technology Park, hosting our students on placement in Hong Kong. And we were very grateful that students get to see this amazing opportunity to **understand more about the culture under the ecosystem.**"

Programme Journey

The programme operates on a biannual recruitment cycle with 4 key stages
